Resources for the pre-professional

Point Value: 25

Part A:

Write a brief summary about yourself and your career goals. (i.e. major, year in school, short term and long term career goals) This summary should be 1 – 2 paragraphs.

Part B:

Your assignment is to locate:

1. The names and complete bibliographic reference of at least three printed resources (books, publications, etc.) which are available on this campus to assist you in preparing to look for a job or internship. Include the campus source of each item.
2. The names and complete website address of at least two resources which are available on-line which will assist you in preparing to look for a job or internship.

For each item, you are to write a short summary (1 paragraph) telling what is found in this resource, and how it is applicable to your career planning.

The format of the assignment is to be in an annotated bibliography structure – a complete, appropriate bibliographic reference first, followed by your 1 paragraph summary for the item.

The resources must be specific to your career goals.
